

24/7 Recovery Service

Don't forget to activate and register the microchip! A one-time fee enrolls your pet for life in the HomeAgain Recovery Service.

Lost Pet Specialists

HomeAgain Lost Pet Specialists are available 24/7 to assist you if your pet goes missing. By calling our toll free number, you have immediate access to trained counselors who can send out Rapid Lost Pet Alerts, and will guide you through the emotional process of finding your pet.

As a bonus when you first enroll...

HomeAgain includes one FREE year of exclusive Member Services.*
See below.

Your Free Year of HomeAgain® Lost Pet Services Includes: *

24/7 Emergency Medical Hotline

In emergency situations, get telephone assistance provided by licensed veterinarians (approximately a \$60.00 value), **free for the first year**. Far from home? After business hours? This service delivers potentially life saving guidance from veterinarians, when you need it most.

Medical Insurance for Lost Pets

Offered by **PETfirst** Healthcare, it covers up to \$3000. (\$50 deductible) of medical treatment for injuries your pet suffers while lost.

Note: Once enrolled in the HomeAgain service, you must call to activate your pet's Lost Pet Medical Insurance coverage before he gets lost!

Rapid Lost Pet Alerts

The minute you report your pet lost, HomeAgain sends **Rapid Lost Pet Alerts** with your pet's lost pet poster to members of the HomeAgain recovery network within a 25 mile radius. Our network also includes over 20,000 vets and animal shelters and over 200,000 volunteer PetRescuers nationally. Ready to be on the lookout for your pet!

Travel Assistance for Found Pets

HomeAgain will pay to fly a found pet back to his family -- if the pet is located 500 or more miles from home. Covers up to \$500.00 in airfare costs. Peace of mind!

* All services offered exclusively through the HomeAgain Recovery Network, free for the first year following your activation. After the first year, you may choose to continue the services on an annual fee basis, or do nothing and they will be dropped. Either way your pet is still protected and his chip will still be tracked in the 24/7 national microchip recovery database, **for life**.
